RELEASE DATE: October 29, 2009, 2009

"Check Your Smoke Alarms"

Daylight savings time ends on November 1st. This is a good time to remember to change your smoke alarm batteries. Many people remember to change their alarms' batteries on one specific date during the year (Birthday, New Year's Day, Christmas, Halloween). Daylight Savings Time is also a good reminder. For example: "change your clock, change your batteries". Smoke alarms are an essential part of your families' home safety plan, but only if they are properly maintained. If you do not have a smoke alarm in your home, Central Fire District can install a battery operated smoke alarm in your home or change the batteries in existing alarms. This is a free service offered for residents living within the Central Fire Protection District. For more information, contact the Fire Prevention Division at 930 17th Avenue, Monday through Friday, between the hours of 8:00 AM and 5:00 PM. If you do not live within Central Fire District, contact your local fire department. For more information, contact Central Fire Protection District at 479-6843 or check our website at www.centralfpd.com.

Serving The Communities of Capitola, Live Oak, and Soquel
